Five Stars By Cathy M This book is full of useful information! Happy to have it in my library! 1 of 1 people found the following review helpful. Favorite Socks By Betty L. Maguire Nicely done. Pictures were very nice and so were the directions to the patterns. She makes knitting socks fun again.

Portable, quick to knit, and universally wearable, new knitters have recently been discovering socks in droves, while Interweave Knits magazine has been providing original, beautiful patterns for a decade. Featuring 25 beautiful and timeless sock patterns for every occasion in a range of techniques, traditions, and designs, many of these patterns have

become unavailable as original issues of Interweave Knits went out of print, but are available once again in this inspired collection. Highlights include a tutorial for knitting socks on two circular needles, instructions for making resoleable socks, and six completely new designs for those avid knitters who may have every issue of Interweave Knits magazine.
