The description of this book is really only a hodgepodge of vaguely related articles with advice by Brad Jones on how to make money in online nonfiction publishing, effective note taking, and how to develop new business ideas. While the first chapter is devoted to the art and craft of writing fiction most of the rest is related to other stuff. Don't waste your time or money on this book.

Nothing new, 30 tips are just a compilation of well-known and common sense advice what to do without any trace of how. It has terrible formatting. On Kindle, it has at least 3 spaces between lines. It is totally unreadable with 5-6 lines of text per page. I looked through tips and stopped reading. May be there are 16 free books inside, but to read this poorly formatted book is a pain in a neck. It is an absolute waste of money.
