**Irene Poulton : Fired Up with Raku: Over 300 Raku Recipes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fired Up with Raku: Over 300 Raku Recipes:

2 of 2 people found the following review helpful. worth it for the experienced in rakuBy raku mikegreat book filled with tried and true glaze recipes. not all glazes are documented with pictures which leaves you to test the glazes. a good amount of them are documented though and there are helpful hints and tricks to alot of the glazes. for the money id say it is totally worth it if you know what your doing with raku. if your looking for inspiration rather than recipes id suggest 500 raku. which just came out.0 of 0 people found the following review helpful. Five StarsBy MahtabVery useful.0 of 0 people found the following review helpful. Five StarsBy TottmersGreat book for Raku glaze recipes!

The origins of raku can be traced back hundreds of years to Japan, where it was used as the traditional method of creating clay bowls for the tea ceremony. Over the years, potters have embraced and adapted these methods, celebrating the remarkable but unpredictable results achieved using raku techniques. Irene Poulton, who has specialized in raku firing for over 20 years, considers the origins of raku before offering 300 glaze recipes. A selection of other potters also share their ideas. With 100 color photos of raku-fired pieces, this is an outstanding source of information and inspiration for all potters.

"Highly recommended." Library Journal
