Veronique Follet : Friendship Bracelets before purchasing it in order to gage whether or not it would be worth my time, and all praised Friendship Bracelets:

0 of 0 people found the following review helpful. Very NiceBy Fran E.This is a great book to start with if you're learning new techniques in friendship bracelet making. I saw some patterns in it that I had never seen before. You'll see the basics like the chevron, that you're familiar with. But, most of the patterns featured in the book are named from areas where FB making first started.2 of 2 people found the following review helpful. friendship braceletsBy A. M. Formicai like this book a lot. my daughters and i have enjoyed making the bracelets in this book. i had to help them get started on some but the instructions and pictures are good to follow.15 of 17 people found the following review helpful. Great Book For Experienced Braiders!By A CustomerFriendship Bracelets is a great book lacking only in one area. The designs are superb, using varying knotting techniques, in various creative designs. However, the instructions, on how to make the designs, are extremely poor. The instructions are far more complicated then they need to be. This

book would probably be best used by an adult who already had experience making bracelets this way. Children may not have the patience for these complicated designs.

Friendship is universal, crossing continents, generations and all other barriers...friendship bracelets are for young and old, teenagers and grandparents; from friend to friend or from boy to girl. You do not need any weaving equipment to make these vibrant Central and South American bracelets. Just learn two basic knots, use a safety pin to keep your work taut, and then knot colourful cotton threads into a host of different patterns. This book shows - row by row in coloured easy-to-follow diagrams - how to make twenty-two different designs of bracelet. Using eight to twelve threads per row, create chevrons, stripes, diamonds and many other patterns in a carnival of colours. When you have made your bracelet, tie it on your friend's wrist - he or she will not be able to fasten it without your help - as a lasting token of regard and affection from one person to another.
