**Paul E. Kennedy : Fun with Angels Stencils (Dover Stencils)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun with Angels Stencils (Dover Stencils):

1 of 1 people found the following review helpful. ... of stencils (I have a few of his) are fun to use with the kidsBy Belise HullThese little books of stencils (I have a few of his) are fun to use with the kids. I like to sketch with them too. They are not made of mylar so probably won't last forever, but for the price and the fun of it, they are worth buying.1 of 1 people found the following review helpful. Stenciling Booklet of Angels--one stencil per page.By TrueBlueMissy13!Pretty stencils. Simple designs. You could use them for backgrounds or centrally. Great for Christmas decorating.I would recommend this item.If you draw in the images on the stencils, then remove the stencil and color it in sans paints, I think they are very reusable. I haven't yet tried to use them with acrylic paints directly.

They are coated in a shiny film on both sides of each stencil.0 of 0 people found the following review helpful. I love that these stencils are in a book that keeps ...By KibbyI love that these stencils are in a book that keeps them all in one spot. A variety of lovely angels to use over and over again.

Add an angelic note to almost any flat surface with these charming stencils. Included are six bold, clear depictions of celestial creatures with wings unfurled and arms upraised, blowing a horn, and in various other angelic poses. Youngsters will have hours of fun tracing and coloring these shapes, which also lend themselves to decorating walls, stationery, posters, and a host of other art and craft purposes.
