Paul E. Kennedy : Fun with Hearts Stencils (Dover Stencils) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fun with Hearts Stencils (Dover Stencils):

There are 6 stencils in each booklet, they're perforated so you can take the booklet apart. The size of the stencil is about the size of a 4x6 pic and was the right size for our project. They are a coated card type material but were very durable as they were used by many people, many times. Would definitely purchase them and use them again. 1 of 1 people found the following review helpful. These stencil books are probably hands down THE best bargain on By LorilouThese stencil books are probably hands down THE best bargain on . I bought 9 of them for painting onesies at a baby shower. So much more

cost effective than other stencils I considered. Stencils are done on thick stock paper and there wasn't one design that was at all disappointing. Would buy time and time again. 1 of 1 people found the following review helpful. Stencil book By Customer Bought every one of these little books that were available. They are small, about 1/4 the size of a standard sheet of paper. The inside is medium weight card stock and each page has one stencil. There are maybe 8 to 10 pages of stencils based on the book's theme in each book. Wouldn't use for a painting project, but I'm planning to turn them into fabric applique designs, and they will be perfect for that use.

Six charming pre-cut stencils depicting the familiar symbol in a border motif, paired on an arrow, in a floral configuration, and in three other charming formats. Stencils are easy to trace and color ideal for making Valentine cards, classroom decorations, posters, and more.
