Paul E. Kennedy : Fun with Trees Stencils (Dover Stencils) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun with Trees Stencils (Dover Stencils):

7 of 7 people found the following review helpful. nice basic designsBy audrey francesThere are six tree stencils here, cut into heavy laminated paper. All are disconnected stencils, having separations between elements. The stencils are: white oak (3.5 inches high and 4 inches wide), white oak (5 inches high and 3.5 inches wide), ssugar maple (5 inches high and 3 inches wide), apple (3.5 inches high and 4.5 inches wide), balsam fir (4.5 inches high and 3.5 inches wide) and a cypress (3+ inches high and 4.5 inches wide). The cypress, white oak and balsam fir are pictured on the cover, left to right. Depending on your project, you might want to shrink these basic designs a bit, but you can't beat this price for getting some good basic stencils.0 of 0 people found the following review helpful. Stencil bookBy

CustomerBought every one of these little books that were available. They are small, about 1/4 the size of a standard sheet of paper. The inside is medium weight card stock and each page has one stencil. There are maybe 8 to 10 pages of stencils based on the book's theme in each book. Wouldn't use for a painting project, but I'm planning to turn them into fabric applique designs, and they will be perfect for that use.3 of 3 people found the following review helpful.
Pretty and UsefulBy dsidheThis sturdy little book contains six precut, convenient stencils of trees. The designs themselves are bold and simple without being vague, and are a nice size for many projects. I used them to put a forest scene on one of my windows with dry-erase markers, but you'll find other creative uses. Included here are a balsam fir, a palm, the Monterey Cypress, a sugar maple, a white oak, and an apple tree.

Six delightful pre-cut stencils depict Monterey Cypress, White Oak, Apple, Sugar Maple, Palm, and Balsam Fir. Children can use these images over and over again in many different home and classroom art and craft projects from adding colorful touches to posters to decorating furniture, windows, more.
