Daughter is gonna love them cones in a little book and you pull out and trace . NOT flimsy

Go on a whale watch with six striking images of creatures from the deep! These sturdy precut stencils feature realistic depictions of a variety of whales: humpback, killer, beluga, sperm, North Atlantic bottlenose, and narwhal. Youngsters can use them for hours of tracing and coloring fun, and they're also ideal for adding a marine touch to walls, furniture, lockers, and other flat surfaces.
