She has been able to make many of the projects and they look like they should! the instructions are easy to follow and the projects are very cute. I'd recommend having many colors on hand and also a basic clay working tool set before starting, but otherwise anyone can do it following this book. I'd recommend this for anyone.0 of 0 people found the following review helpful. 5*A+ accurate description~packaged safely in durable mailer~fast shipping~Thank You!By Tiny Wishes Come True5*A+ accurate description~packaged safely in durable mailer~fast shipping~Thank You!0 of 1 people found the following review helpful.
