**Claire Garland : FW Media David and Charles Books, Knit The Alphabet** before purchasing it in order to gage whether or not it would be worth my time, and all praised FW Media David and Charles Books, Knit The Alphabet:

2 of 2 people found the following review helpful. Exactly what I was looking for!By nancyb3cNow that I have this book, it was hard to decide which letter to knit first. Instructions are easy to follow - and I have not run into any difficulty yet on my first attempt. The letters can all be done in 3 sizes and are shown "stuffed", but I may use the smallest version flat for a garland. Easy enough to follow instructions while watching a television which is a plus.0 of 0 people found the following review helpful. Hard to follow and keep track in.By Margaret A. ClearyReally difficult to follow the directions in the kindle since knitting directions are so repetitive. Rather poorly written and no illustrations, at least in the kindle version. I did manage to knit a big capital S for my granddaughter but I'm not sure

I'll knit the rest of her name.0 of 0 people found the following review helpful. Five StarsBy anna leelots of good projects

FW Media-David Charles Books: Knit The Alphabet. Knit the Alphabet is the only book on the market to focus on 3D knitted letters. It features twenty-six unique knitting patterns with three size variations and three bonus patterns- ampersand star and heart. The patterns are quick and easy to make and are made as one piece so no need to sew a seam Includes full basic knitting techniques perfect for beginners and more experienced knitters alike Author: Claire Garland. Softcover 128 pages. Published Year: 2013. ISBN 978-1-4463-0381-0. Imported.

From the AuthorThis book was a challenge - a self-made challenge - I wanted to create alphabetical softies that could be used as objet d'art or toys or pillows and make them as one piece - no seams to sew - I achieved this after many attempts and I am really, really pleased with the results not only with the letters but the book itself - this book is beautifully designed and photographed thanks to FW Media! I'm sure not only will you enjoy knitting the letters but also have fun thinking of words to make and places to put them - I've made many for birthday and occasion gifts.
