1 of 1 people found the following review helpful. South Africa's amazing plant lifeBy Tom WhiteHardcover. Filled with outstanding color photos by Colin Paterson-Jones. 156 pages, including index. Nice copy, in Very Good condition: clean and sound. No marks apparent. Light wear. Jacket also very good, with light wear/rubbing. Fynbos describes beautifully with pictures and descriptive text the unique growing area stretching from Cape Town east to Port Elizabeth that include Proteas, Ericas, reeds and grasses that are seldom found anywhere else in the world. Garden lovers and travelers to South Africa should appreciate this wonderful study of plant life.1 of 1 people found the following review helpful. Beautiful book, great serviceBy ChristineThe book has wonderful photographs, as well as interesting text - what more could one ask?It arrived in great condition, as it was well packed with ample protection.
