No run-of-the-mill artwork here!By Kimi M.This coloring book was bought after I had been very pleased with her 'Inky Ocean' coloring book-and I was not regretful! I love the pictures-the pregnant lady and the family are so cute-definitely the only ones in my personal collection of adult coloring books! I would recommend this, as well as any other coloring book by this author!3 of 3 people found the following review helpful. MBK58Nice designs, although a bit busy for my tastes. Paper is decent quality (suitable for markers), single-sided pages, non-perforated.

Enjoy your own creative journey with 50 black and white, single-sided illustrations ranging from sport and exercise, food, family and pets to shopping, art, culture, mermaids, the fun and the whimsical, and much more Volume 6 in the series.
