Jo Verso : Jo Verso's Cross Stitch Year: 1001 Motifs to Celebrate the Events of the Seasons before purchasing it in order to gage whether or not it would be worth my time, and all praised Jo Verso's Cross Stitch Year: 1001 Motifs to Celebrate the Events of the Seasons:

1 of 1 people found the following review helpful. DelightfulBy CustomerJo Verso's style reminds me of Legoland, simple, charming and appealing to the heart. True to form, her book encompasses everything she can imagine to tell

the story of the year's activities. There are samplers for months, seasons and holidays. There are celebration themes from sports to weddings. There are events from Spring planting to Fall canning, to watermelon and ice-cream cones in Summer. She also includes flowers and simple wreathes. And, borders, borders, borders! Another gift for us to learn from. Simple, yes. Educational, definitely. It's a steal at the current rate. 7 of 7 people found the following review helpful. A feast for the eye By M. Van Buijtene Designs for every month, every season and all (British and American) festive occasions - with clear instructions to adapt patterns for a personal note. All in Jo Verso's distinctive and much loved country style. However, Verso does use a lot of half or three-quarter cross-stitches and not everyone likes to make those; they need a good eye and a steady hand and are much harder to do on popular aida fabric than on linen. Then again, there are not many other books where you will find so many designs of people in different outfits (according to occupation and season) and everyday items such as garden tools - very useful for personalized samplers. 0 of 0 people found the following review helpful. Seasons in Simple Cross Stitch Patterns By Library Lady Here's another great book I found at the library and couldn't live without. I love doing cross stitch, but my eyesite just doesn't allow me to do the really detailed patterns anymore. This book is exactly what I look for now days, simple with easy to read instructions. It has four seasons of alphabets, which are adorable and can be used in so many projects. A flower wreath for each month, hundreds of people, animals, places and things to stitch into decorations and gifts. Many can be finished within a few hours. A great book for beginners or advanced stitchers - it's just a lot of fun! Highly recommend.

Gift Talented "RM" Workbooks develop children's natural talents and gifts with curricular activities that enhance critical and creative thinking skills. Story starters will challenge children by providing story-telling and writing activities in the form of story fragments to enhance critical and creative thinking skills. Children will understand the meaning of words even if they cannot yet read or write them.

From Library Journal What better than a collection of small seasonal motifs as inspiration for a personal sampler built around events of the year? In her sixth cross-stitch motif collection, Verso Aa popular British cross-stitch designer A begins with an essay on using and modifying seasonal motifs in designing a personal sampler. For each season, she includes an alphabet and a band sampler; for each month, there is a floral garland design along with small cross-stitch motifs relating to typical events of the month. For June, for example, there are Father's Day and June bride designs, as well as Wimbledon, Le Mans, and fishing motifs. Cross-stitch border and alphabet designs are interspersed throughout. Verso's small, stylized motifs can be mixed and matched in literally hundreds of design combinations. Full-color graphs and clear instructions make for a book that should circulate often in public libraries. Copyright 1999 Reed Business Information, Inc. About the Author Jo Verso is the most successful and popular cross stitch author and designer in the country. Her previous books, Picture It In Cross Stitch, Cross Stitch Cards and Keepsakes, World of Cross Stitch, Cross Stitch Gifts for Children, and Jo Verso's Complete Cross Stitch Course, have sold more than 750,000 copies in all.
