Coloring Therapist : Kaleidoscope Mandalas: An Intricate Mandala Coloring Book (Kaleidoscope Mandala and Art Book Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Kaleidoscope Mandalas: An Intricate Mandala Coloring Book (Kaleidoscope Mandala and Art Book Series):

1 of 1 people found the following review helpful. good selection of designsBy Midwest C.I received this as a Kindle ebook for free during a promotional period.I've always liked to draw and doodle mandalas in my spare time, so I really like these designs. Some people might find them repetitive though, as each one might have anywhere from 3 to 8 way symmetry, meaning you would be coloring the same thing 8 times (think of a snowflake, and how even though every snowflake is different, each side of the snowflake is identical to the other sides.)You get about a dozen or so designs to color. They are generally very detailed and well done, and look like they will take several hours to color. They should offer anyone an ample selection to find at least a few that you really like.It wasn't until I tried these coloring books that I realized how much i dislike the Kindle reader compared to Adobe. I can't even find a way to zoom in on the pictures so I can examine them in detail.Each of them is square, so they don't fill the whole page on Kindle. But the really unfortunate thing I found out is that YOU CANNOT PRINT FROM KINDLE!! That makes the kindle version useless because you would have to print the designs obviously before you can color them.However, the saving grace of this book is that it includes a link where you can download a whole bunch more designs for free, in Adobe PDF format.

PDFs can be printed, and the nice thing about that compared to a store bought book is you can print them on high quality paper and in whatever size you want. If I were you, I would take a few of them to my local copy shop and have them printed poster size. Final verdict: Overall I like this book, but I'm taking off a star because you don't get very many designs up front, and you have to go to the website and put in your email address to get the PDFs. I always take the time to give honest reviews, and if a product does not deserve five stars, I will not give it five stars! I give the products a thorough test before writing my reviews, and try to add useful commentary, not just repeat what I read in the description, unlike some other reviewers. Please consider clicking the yes button, if you found my review helpful. Thanks for reading!

2 of 2 people found the following review helpful. A bit disappointed
By P. M. First off, I got this ebook for free. So I thought I couldn't go wrong with it. I got it with the understanding that this is a coloring book so I was expecting to be able to print off the pages to be able to color them on real paper as neither the Kindle nor the Kindle app (whatever the device) will allow you to do any kind of coloring directly in the ebook. I mean what else would you use a coloring ebook for? And here came the first problems. The book gives a short explanation about adult art therapy (okay, didn't really need that...) and 14 beautiful mandalas to color. But how do you actually get these mandalas out of the ebook to print? I would have expected some option to do that, e.g. a link to some online resource or something? They give you the option to join their club to download some samples but really, I got the book and not a membership to some club. If I had wanted to join a club, I could have just done that and not gotten the book.

0 of 0 people found the following review helpful. awesome designs
By nicholas bigster Great ebook for coloring. My son loves to color and these are more adult books but they are really fun. Overall good to take on trips or to have in the car. There are many different pages for coloring just print them out and you have great outlines. We received this product with a discount from this seller in exchange for my honest and unbiased review.

STAR RATINGS: Each product is carefully reviewed in an unbiased manner. Star ratings are earned, never given.

1 Star: This product is not worth your time. There may be something wrong in the product details or description, it does not live up to what it is advertised as or made extremely low quality. I would tell my friends, acquaintances, and strangers that they shouldn't use their hard earned money on this product.

2 Star: This is not a great product at all. It has mistakes in the product details or description and does not live up to what it advertises or normal customer expectations. It is still now worth the money.

3 Star: This is a neutral rating. I could take it or leave it. It met the product description and details for the most part but isn't something I am ever likely to order again. It could have some really cool features, An awesome looking design, Or maybe its just a killer deal. But overall the price of the product is not worth it.

4 Star: I like this product. This item has met all expectations, The design is sound, The build is great and the product does what it was made for. Its a great product that i can recommend buying. However it didnt completely wow me. It does what it is supposed to do. This is what most products fall under.

5 stars: Wow! This item is amazing, I absolutely love it, it is an exceptional, impressive product. Not only does it meet all expectations but its a product thats well made (designed, formulated, composed, etc) and lives up to the product details and description. It exceeds normal consumer expectations.

IMPORTANT - EBOOK edition of this book is an **ART BOOK** and not used for coloring on the device. The eBook is a preview providing useful content on the benefits of coloring for both children and adults, also showing the brilliant designs available in the physical copy of the book. A **BONUS** link in the book lets you download books with high quality coloring book PDF pages with dozens of illustrations that readers can **PRINT**. The download is optional, it is not the main function or purpose of this ebook - **PRINT REPLICA**. What good does coloring have on adults? First, it is an effective form of stress relief as proven by several scientific studies. Second, it activates both parts of the brain and that union encourages logic and creativity to grow. Third, it is like a time machine because it takes you back to your childhood days. With the help of coloring, you can feel that light feeling again.

About the Author **Coloring Therapists** is a creatively independent publishing imprint that is focused on compiling high-quality, premium coloring books for adults to enjoy. Our mission is to provide really comprehensive and intriguing designs/patterns for adults to relax and de-stress with while coloring.
