Sometimes you just want to knit a simple project - nothing with fancy cables or complicated stitches - a classic that will fit almost everyone. Perhaps you've just discovered your love of knitting and you're ready to graduate from scarves to something a bit more challenging. Maybe you're an experienced knitter ready to begin customizing patterns to suit your unique style. No matter where you are on your knitting journey, Knits for Everybody has a project for you! Knits for Everybody includes a versatile top-down raglan sweater with a ribbed neck, cuffs, and hem, a beanie-style hat with simple decreases, a pair of socks (or slippers) with instructions for both top-down or toe-up
