Teach your children all the basics of knitting with this easy-to-follow guide. In *Knitting for Children*, Claire Montgomerie shares the secrets of her successful knitting classes that show little ones how to create their own toys, accessories and clothes. Packed with great projects suitable for children aged 7-12, and with each project just a little more advanced than the one before, kids will eagerly progress through the 35 easy-to-follow patterns and variations. The 'Getting started' section gives essential guidance, covering not only all the knitting basics, but also how to finger knit, French knit, make tassels, put together pompoms and more. Claire has chosen yarns that are smooth and simple

to knit, with the weight suitable for smaller hands. Start with the snake scarf - it's a fun but easy project that teaches the basics, and once they've mastered this piece, your child will be straight onto the next challenge. They can try the cosy mittens and then move on to a pretty ragdoll, or stitch the cute and colourful v-neck cardigan before making an MP3 player cover. This book provides the perfect way to introduce your child to a fun craft that will be useful for the rest of their life.
