9 of 9 people found the following review helpful. classic patterns for babies on upBy Wynnter KnitsI really enjoy these patterns. I like the varieties that are given as well as the variations in each. The patterns are classic in design so, they won't be out of style in a year or so. I have a library of out dated patterns that was given. I have tried to bring them into classics. On line I've discovered patterns that are classics from early 18 19th centuries. This book is a fantastic edition for any library. I really like that the sizes are for the actual sizes of a child and not the sizes found in retail.0 of 0 people found the following review helpful. Next to the Debbie Bliss Kids books of knits, I think this one is a good one and a keeper.
