2 of 2 people found the following review helpful. Great Book for Bag LoversBy Traci KingI love this book. I am a beginner with some experience making bags. I found the instructions to be easy to understand and follow. I made the cover bag with no difficulty and even added my own shoulder strap. I will buy her books in the future and make all her beautiful bags. I highly recommend this book for any sewer who loves to make bags from beginner to advanced. The

introduction explains how to do everything and the project instruction take you back to that area when they tell you do something. Organized great with great bags.0 of 0 people found the following review helpful. Five StarsBy SandyVery clear instructions.
